Re: Revenue Mine, Permit M-2012-032, Technical Revision TR-5, Operator's Request for Extension of Decision Date, Approved

Dear Ms. Stoopnikoff,

Last week the Division received your request for extending the decision date of Technical Revision TR-5, from April 13, 2015 to April 25, 2015. The Division approves this request and the date will be reset. Since that date falls on a weekend, the new decision date will be extended to the next business day, April 27, 2015.

The Division also received a packet of additional materials from you pertaining to Technical Revision TR-5, on April 17, 2015 and its review is still ongoing. Please be aware that if the Division requires further time to review these new materials, or has further questions which would require your response prior to the decision date, this office will further extend the decision date as needed.

If you have further questions, I may be reached by phone at 970-247-5193, or by email at: [bob.oswald@state.co.us](mailto:bob.oswald@state.co.us).

Sincerely,

Bob Oswald  
Environmental Protection Specialist
