

THE EUREKA MINING COMPANY, LLC

481 S SAND TRAP LANE

PUEBLO WEST, CO 81007

RE: Eureka Saturday Night Project, File No. P-2015-001. Request for extension of financial warranty from May 3 to July 15h 2015.

Date: April 16, 2015

To: Colorado Department of Reclamation, Mine and Safety Attention Dustin Czapla.

TEMC respectfully requests a 60 day extension of providing the CDRMS a financial warranty bond for future reclamation purposes. TEMC NOI was approved on March 3, 2015 with a 60 day notice to provide a financial warranty bond.

Our insurance agent and insurance carrier require the written approval of TEMC POO from the USFS before such a financial instrument can be issued.

TEMC was notified by Amy Titterington that the USFS (Leadville Ranger Office) has sent out the public scoping letter on April 7th giving the public 30 days to respond to our NOI (to May 7th), then the USFS requires another 30 days to evaluate and answer the responses which puts the USFS approval out to or near June 7th.

Due to timing constraints we are asking for the termination date to be extended from May 3rd to June 15, 2015.

Sincerely,

Jim Fine
