I would like to request a 90 day extension although I do not feel it will take that long but we will request that at this time.

I will be calling you after you return from vacation....

Have a good time off.

Thank you

Cathleen

Cathleen, We can approve an extension, but we need a deadline. Operators typically ask for an additional 30, 60 or 90 days. Please request a new deadline date and we'll approve the extension request.

Good morning I know that you are in the field today but I wanted to send you this email to request an extension on getting this done. We will get our blasting plan in place as well as a few other things. I will call you on the phone on Thursday as I have a few more questions. Thank you for your help.
