Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on May 22, 2015.

Technical Revision No. 102 provides an update to the Bowie No. 2 Mine's drainage and sediment control system based on on-the-ground conditions. The updates include: a revised Map No. 20 with the accurate location of culvert no. C-16, an update and design to identify a ditch rather than culvert no. C-18, and a new ditch design for ditch no. B-38. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision (PR), Permit Renewal (RN), or Technical Revision (TR) application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428 and at the Division's Denver office. Minor Revision (MR) and Surety Release (SL) application materials are available for review at the Division's Denver office.
