Gary,

Per your request, the DRMS has granted your request for an extension to July 31, 2015. Please have the TR submitted at least two weeks prior to the decision date to allow sufficient review time by the DRMS.

John Jankousky is working on the drainage design now. I hope to have the TR submitted to you next week.

We can request an extension of the decision deadline to allow you time to visit the site and review the drainage and bond.

I am gone on vacation from June 17 thru June 30. So I would like the extension into late July.
