Re: New Horizon Mine (Permit No. C-1981-008)
Revision: MR-94
Landowner Request to Reclaim Pond 011.

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the New Horizon Mine. The application was deemed complete on June 2, 2015.

Minor revision 94 was submitted per the landowner's request to reclaim Pond 11, update the alternate sediment controls for the Morgan property, update the topsoil and subsoil balance for the Morgan property and propose a small area exemption area where Pond 11 is being reclaimed. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision (PR), Permit Renewal (RN), or Technical Revision (TR) application materials are available for review at the Montrose County Courthouse, 300 Main Street, Nucla, CO 81424 and at the Division's Denver office. Minor Revision (MR) and Surety Release (SL) application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,
