## REQUEST FOR TECHNICAL REVISION (TR) COVER SHEET

File No.: M- See attached Site Name: Multiple m-2006-047  
County Kit Carson TR# 01 (DRMS Use only)

✓ Permittee: Kit Carson County

RECEIVED

Operator (If Other than Permittee):

✓ APR 28 2015

Permittee Representative: Dave Hornung

DIVISION OF RECLAMATION  
MINING AND SAFETY

Please provide a brief description of the proposed revision:

To allow importation of plant growth medium (topsoil) if needed in the following attached list of  
gravel pits.

As defined by the Minerals Rules, a Technical Revision (TR) is: "a change in the permit or application which does not have more than a minor effect upon the approved or proposed Reclamation or Environmental Protection Plan." The Division is charged with determining if the revision as submitted meets this definition. If the Division determines that the proposed revision is beyond the scope of a TR, the Division may require the submittal of a permit amendment to make the required or desired changes to the permit.

The request for a TR is not considered "filed for review" until the appropriate fee is received by the Division (as listed below by permit type). Please submit the appropriate fee with your request to expedite the review process. After the TR is submitted with the appropriate fee, the Division will determine if it is approvable within 30 days. If the Division requires additional information to approve a TR, you will be notified of specific deficiencies that will need to be addressed. If at the end of the 30 day review period there are still outstanding deficiencies, the Division must deny the TR unless the permittee requests additional time, in writing, to provide the required information.

There is no pre-defined format for the submittal of a TR; however, it is up to the permittee to provide sufficient information to the Division to approve the TR request, including updated mining and reclamation plan maps that accurately depict the changes proposed in the requested TR.

Required Fees for Technical Revision by Permit Type - Please mark the correct fee and submit it with your request for a Technical Revision.

| Permit Type   | Required TR Fee | Submitted (mark only one)           |
|---|-----------------|-------------------------------------|
| 110c, 111, 112 construction materials, and 112 quarries | \$216           | <input checked="" type="checkbox"/> |
| 112 hard rock (not DMO)                                 | \$175           | <input type="checkbox"/>            |
| 110d, 112d(1, 2 or 3)                                   | \$1006          | <input type="checkbox"/>            |
