To Whom It May Concern,

It has come to our attention that there may be illegal mining of sandstone at 2390 Mariposa Drive, Ridgway/Montrose, Ouray County, Colorado. In reviewing the permits, we do not see anything filed for this area.

We have heard that this material was used in the construction of the Montrose Water Sports Park. This park was constructed by the owner of 2390 Mariposa Drive, Haynes Excavation Inc.

We feel that this should be investigated into further. Please find attached a Google earth printout of the area for your review.

Sincerely,

A Concerned Citizen
