**Re: Colowyo Coal Mine (Permit No. C-1981-019)
Technical Revision Application No. 106 (TR-106)
Collom Access/Haul Road Realignment**

Dear Mr. Boehms:

The Division of Reclamation, Mining and Safety hereby issues notice, in accordance with Title 34, Article 33, Section 118, Paragraph 3, of the Colorado Revised Statutes, that on July 3, 2015, an application to revise coal mining operations at the Colowyo Coal Mine was considered complete for the purposes of filing. All review and comment periods as provided in the Act and the Regulations initiate from this date of filing.

If implemented, TR-106 will realign the access and haul road for the Collom project. The applicant is proposing additional surface disturbance outside of the area currently approved for disturbance.

The surface coal mining operation is on land located approximately 28 miles South of Craig, Colorado. The permit area is further described as follows:

All or portions of Sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20, 21, 22, 28, 29, and 30 in Township 3 North, Range 93 West; Sections 7, 13, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 26, 27, 28, 29, 30, 31, 32, 33, and 34 in Township 4 North, Range 93 West; Sections 1, 2, 3, 10, 11, 12, 13, 14, 15, 22, and 23 in Township 3 North, Range 94 West; and Sections 12, 13, 23, 24, 25, 26, 27, 34, 35, and 36 in Township 4 North, Range 94 West (all in 6th Prime Meridian).

The above-mentioned tracts of land are shown on the following USGS 7.5 minute Quadrangle map(s): Easton Gulch, Axial, Devils Hole Gulch, Ninemile Gap.

The Division has interpreted 30 CFR 746.18 to determine that this application as submitted does not constitute a Mining Plan Action. If the proposal is significantly changed during our review process, we will consult with you on whether a Mining Plan Action should be initiated and direct the applicant to send the revision application materials to your office for review as necessary.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert D. Zuber".
