Re: Southfield Mine (Permit No. C-1981-014)
Revision: MR-67
Eliminate Borrow Area for Davison Road

Dear Dr. Corley:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Southfield Mine. The application was deemed complete on July 9, 2015.

This MR application proposes to eliminate the previously approved borrow area for the former Davison Road. The water bars on the road were built without using the material, thus avoiding the additional disturbance. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision (PR), Permit Renewal (RN), or Technical Revision (TR) application materials are available for review at the Fremont County Clerk and Recorder, 615 Macon Avenue, Room B-5, Cañon City, CO 81212 and at the Division's Denver office. Minor Revision (MR) and Surety Release (SL) application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert D. Zuber".
