Hi Tim.

Thank you for the e-mail. We would like an extension to the decision date for this project in order to work through and address the departments comments regarding the slope issues. Since I will be out of the office for much of the next three weeks, I would ask that the date be extended to August 14, 2015.

Sincerely.

Dave,

As we discussed on the phone, today is the decision date for this technical revision. Please request an extension to the decision date so we have adequate time to work through the slope issues we discussed. I suggest July 31, 2015 unless you think it might take longer to address the comments in the attached electronic copy of the letter we mailed on July 1, 2015.

Thank you.
