

Public Notice

The Division of Reclamation, Mining and Safety, in accordance with Title 34, Article 33, of the Colorado Revised Statutes, hereby issues notice that on July 29, 2015, a minor revision application (MR-28) to the Coal Ridge No. 1 Mine, Permit No. C-1984-065, operated by C.B. Minerals Company, LLC, 8717 Delgany Ave., Apt. #215, Playa del Rey, CA 90293 was considered complete for the purposes of filing. Bowie Resources, LLC requests a minor revision to change the sediment pond reclamation date for the Coal Ridge No. 1 Mine. Currently in the permit the reclamation is scheduled for completion by 15 September 2015. Due to the necessity of obtaining an individual discharge permit for the site, that date is no longer attainable. Although reclamation is anticipated to be completed by 30 November 2015 it is prudent to request a reclamation deadline for spring 2016 to avoid delays due to possible fall snowstorms.

This revision requests a date of 30 April 2016 for completion of sediment pond reclamation.

The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance. All reviews and comment periods as provided in the Act and Regulations promulgated thereunder initiate from this date of filing.
