Dustin,

I am responding to your July 14, 2015, request for comments on the Haynes Excavation Fire Risk Mitigation Site project. The Colorado Division of Reclamation, Mining, and Safety identification number is File No. M-2015-024. The project is located near Cottonwood Creek within Section 7 and 8, Township 46 North, Range 9 West, Ouray County, Colorado.

The Corps of Engineers' jurisdiction under the authority of Section 404 of the Clean Water Act for the discharge of dredged or fill material into waters of the United States. Waters of the United States include, but are not limited to, rivers, perennial or intermittent streams, lakes, ponds, wetlands, marshes, wet meadows, and seeps. Project features that result in the discharge of dredged or fill material into waters of the United States will require Department of the Army authorization prior to starting work.

The range of alternatives considered for this project should
