**Re:   Bowie No. 2 Mine (Permit No. C-1996-083)  
      Technical Revision No. 104 (TR-104)  
      Stability of Drill Sites**

Dear Delta County Commissioners:

The Division of Reclamation, Mining and Safety hereby issues notice, in accordance with Title 34, Article 33, Section 116, Paragraph 4, of the Colorado Revised Statutes, that on August 11, 2015 an application to revise coal mining operations at the Bowie No. 2 Mine was considered complete for the purposes of filing. The revision was submitted by Bowie Resources, LLC. All review and comment periods as provided in the Act and the Regulations initiate from this date of filing.

Technical Revision No. 104 proposes to revise permit application pages 2.05-45i through 2.05-45x to include a list of drill sites that are stable based on the criteria approved in permit application package C-1996-083, page 2.05-43i. A stable drill site is one in which sediment control measures are no longer needed. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

The underground coal mining operation is on land located approximately 5 miles Northeast of Paonia, Colorado. The permit area is further described as follows:

Portions of Sections 2, 3, 4, 5, 8, 9, 10, 11, 14, 15, 16, and 22, Township 13 South, Range 91 West of the 6th P.M. Portions of Sections 33 and 34, Township 12 South, Range 91 West of the 6th P.M.

The above-mentioned tracts of land are shown on the following USGS 7.5 minute Quadrangle map(s): Bowie.

The applicant is required to publish notice in a local newspaper that this application has been deemed complete. At the time of publication of this notice, the applicant is additionally required to place a copy of this application at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428, and at the Division office. For additional information or to provide written comments, contact the Division of Reclamation, Mining and Safety, Room 215, 1313 Sherman Street, Denver, Colorado 80203, (303) 866-3567. In order for us to comply with regulatory time frames, we request that comments be submitted within fifteen (15) days of this letter. If no comments are received by then, we will proceed on the assumption that you have no concerns with, or objections to, the applicant's proposal.

Sincerely,

Jason D. Musick  
Environmental Protection Specialist
