**Re: New Horizon Mine (Permit No. C-1981-008)  
Bond Release Application No. 15 (SL-15)**

Dear Mr. Gilbreath:

We have received your application, proof of publication, and copies of written notices concerning bond release at the New Horizon Mine. Our initial review indicates that all preliminary items required by Rule 3.03.2(1) regarding bond release applications and contents, have been submitted. Thus, your application has been deemed complete for the purposes of filing on August 12, 2015. All review and comment periods as provided in the Act and the Regulations promulgated thereunder initiate from this date of filing.

If you are a permittee of a federal mine, and you have not yet done so, please submit a copy of your bond release application to: Alan Boehms, U.S. Office of Surface Mining, 1999 Broadway Suite 3320, Denver, CO 80202.

The staff is currently reviewing your bond release application to determine whether the items you have submitted are adequate in terms of meeting the requirements of the Act and Regulations. Weather permitting, we will conduct a bond release inspection of the site within thirty (30) days. You will be contacted by the Division to notify you of the scheduled inspection, which you may elect to attend. The Division will issue a proposed decision on the release application within 60 days of the inspection.

If you have any questions, please contact me.

Sincerely

A handwritten signature in blue ink, appearing to read "Brock Bowles". The signature is fluid and cursive, with the first name "Brock" and last name "Bowles" clearly distinguishable.
