Dear Ms. Maiolo:

SL-08 is a Phase I bond release application. The area includes several discontinuous parcels with a total of 189.6 acres. The surface ownership is federal, state and private, and the coal mined was federal, state and private.

We will contact you to advise you of the Division's required bond release inspection of the site as soon as it has been scheduled. A proposed decision on the application will be issued within sixty (60) days of our inspection.
