RE: McCoy Pit, Permit No. M-1981-088, Inspection Problem Abated

Dear Mrs. Bratton:

On August 6, 2015 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Signs and Markers was noted as a problem in the inspection report for failure to post a mine identification sign as required by section 3.1.12(1) of the rule. On August 29, 2015 the Division received photo documentation via email from Stephanie Bratton that a new proper sign has been posted. This satisfies the corrective actions and the problem is considered abated as of Tuesday, September 29, 2015.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,

Amy Yeldell

Hi Amy, I have finally managed to download the attached picture from Travis's cell phone. The old sign has been removed and replaced with this one. I believe that it now meets the requirements requested ? Would you please send me a quick note confirming that you have received this. Thank you so much Amy, I will be working on the weed control plan that we talked about last week, thank you for your help with that, I really appreciated it. Have a good week !!
