Dear Travis,

Per our previous correspondence, I am in the process of transferring the East Douglas Pit, M 1987-103, to Parkerson Construction. Parkerson is performing all the required permitting tasks and paperwork on my behalf. Therefore this letter authorizes Ivan Geer and Alan Parkerson with Parkerson Construction to execute permit related documents and notices as needed.

Please call if you have any questions or concerns 435-632-5629.

Sincerely,
