Dear Mr. Erickson:

The purpose of this letter is to submit Battle Mountain Resources Inc.'s (BMRI) *Notice of Completion* for reclaimed or undisturbed lands currently contained within the Colorado Division of Reclamation, Mining and Safety (CDRMS) permit property boundary. BMRI is not seeking any financial warranty release.

Permit Reduction

The Permit Area is currently 1,765.86 acres and is shown on Exhibit 1. BMRI requests to reduce the Permit Area by 716.58 acres. The requested release areas are divided into Areas 1, 2, and 3. Area 1 consists of a large portion of the South Waste Rock Area and undisturbed lands totaling 437.90 acres. Area 2 consists of Waste Rock D, a portion of the Mill Area and undisturbed lands totaling 181.60 acres. Area 3 consists of East Pit, a large portion of Waste Rock C, a portion of the West Pit Area and undisturbed lands totaling 97.08 acres.

A reduction of 716.58 acres from the Permit Area (1,765.86 acres) would result in a new Permit Area of 1049.28 acres.

Owners of Record

BMRI is including the names, addresses, and phone numbers of all owners of record of the affected land.
