**Revision: MR-184**  
**Revised Location of Culvert T-F1.**

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on December 2, 2015.

Minor Revision No. 184 proposes to revise the location of temporary culvert T-F1 at Gob Pile #2. No update to the hydrology for culvert T-F1 is required as the currently approved design is adequate. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision (PR), Permit Renewal (RN), or Technical Revision (TR) application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428 and at the Division's Denver office. Minor Revision (MR) and Surety Release (SL) application materials are available for review at the Division's Denver office.
