**RE: Sheehan Pit, File No. M-2007-058 , Proof of Publication**

Dear Mr. Corson:

On December 17, 2015 The Division of Reclamation, Mining and Safety (Division) received your Proof of Publication for the amendment to your Construction Materials Limited Impact (110) Reclamation Permit application. The Proof of Publication is from the Craig Daily Press. The publication is incorrect by stating that all written comments must be received by December 18, 2015. Per Rule 1.7.1(2)(c), in case of a 110 Limited Impact Permit Application, such written comments, protests and petitions for a hearing must be received by the Office not more than ten (10) calendar days after the last date of newspaper publication of notice, which should have been December 21, 2015

Rule 1.6.6 states when an error in notice occurs that the applicant shall be required to publish and mail new notice of application and that all applicable deadlines shall begin anew. Therefore, C&B Sand and Gravel Inc. must re-publish the permit application notice giving the public the required ten (10) days to comment after the date of publication.
