RE: DeBeque Sand & Gravel Resource; DRMS File No. M-2011-054; Receipt of Corrective Action Documentation

Dear Mr. Burkey,

The Division received your above referenced response in regard to the Compliance Problem cited in the report of the inspection conducted on December 2, 2015. The status of the corrective actions regarding these problems are as follows:

Compliance Problem 1: The site is utilizing off-site fill without prior approval by the Division per 3.1.5(9) of the Rule.

This problem is considered abated as a result of the Operator's submittal of a notarized affidavit, stating that the fill is, in fact, inert and addressing all requirements pursuant to Rule 3.1.5(9), which describes the intended use of inert/off-site fill by the corrective action date.

If you have any questions, please contact me at (970)252-5025.

Sincerely,

Stephanie Mitchell
Environmental Protection Specialist
