***RE: Sheehan Pit, File No. M-2007-058, Amendment Approval Stipulation Complied With,
Revision No.1 (AM-1)***

Dear Mr. Corson:

On January 21, 2016, the Division of Reclamation, Mining and Safety (Division) approved amendment application (AM-1) submitted to the Division on November 17, 2015. The amendment was approved under the stipulation that the permittee would continue to operate under the existing damage agreement with Moffat County for Roads 1 & 2 ROW features and bridge until a new damage agreement could be reached. By March 1, 2016 C&B Sand and Gravel, Inc. was to have submitted the new agreement to the Division or provide a status update if an agreement could not be reached. On February 10, 2016 the Division received a copy of the new updated damage agreement with Moffat County for Roads 1 & 2 ROW features and bridge. This satisfies the approval stipulation for AM-1 and on February 10, 2016 the Division considered this matter complied with.

To date the Division has not received the additional surety amount required. **If you have not already done so, please submit additional bond in the amount of \$22,764.00. The revision will not be final until the bond is approved by the Division. Therefore, pursuant to Section 34-32.5-117(4) of the Colorado Land Reclamation Act, adequate Financial Warranty must be submitted to the Division within 60 days of notice, which was January 21, 2016.** The additional amount needs to be accepted prior to **Monday, March 21, 2016.**

Please make arrangements with Barbara Coria at the Division of Reclamation, Mining and Safety Denver Office, phone no. 303.866.3567, ext. 8148 for submittal of the financial warranty. Any questions regarding completion, execution and/or submittal of financial warranty forms should also be directed to Barbara Coria.

If you require additional information, or have questions or concerns, please feel free to contact me.
