Dustin,

See below. Our weed subcontractor has completed the Tamarisk treatment at the Colona Pit. I believe this completes the action items listed in your inspection report. Let me know if you have any questions or need additional documentation.

Thanks,

Jason

Subject: Re: questions

Jason,

We finished up the Tamarisk treatment in Colona this weekend. I will ship you off an invoice for Spring Creek and Colona here soon. Let me know what you need from me to document the treatment for response to DRMS.
