**Re: Pit 29, DRMS Permit No. M-1980-183,
Acceptance of the Engineering Certification for the French Drain**

Dear Mr. Schatz:

On March 18, 2016, the Division of Reclamation, Mining and Safety (Division) received the final engineering certification for the french drain around the southern portion of Pit 29, prepared by Applegate Group, Inc. The Division has completed the review of the engineering certification.

The construction of the french drain appears to be in compliance with the design and specifications approved by the Division, in Permit Amendment No. 2 (AM-02). Therefore, the Division has accepted the engineering certification for the French drain, provided by Applegate Group, Inc.

If you need additional information please contact me at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203, by telephone at 303-866-3567, extension 8131, or by email at Tyler.ODonnell@state.co.us.

Sincerely,

Tyler O'Donnell
Environmental Protection Specialist
