On March 08, 2016, the Division received the 112 Construction Materials Reclamation Permit Application for the Hitch Rack Ranch Quarry located in El Paso County. Per Rule 1.4.1(7), the Division determined that the application is “complex”, thereby extending the application decision date by sixty (60) days to August 05, 2016. I am requesting your technical expertise in reviewing the following application Exhibit(s):
