**Re: Dawson Gold Project, DRMS NOI File No. P-2013-002;  
Notice of Receipt of NOI Modification, Revision No. MD-2**

Dear Mr. Felderhol:

On April 13, 2016 the Division of Reclamation, Mining and (Division) received, via email, your application to modify (MD-02) your Notice of Intent to Conduct Prospecting Operations (NOI) Modification, addressing the following:

*Change location of proposed drill road.*

The NOI modification was considered to be submitted on April 21, 2016, the date the Division received modification application fee. The Division posted the non-confidential form (Form 2) on the Office website on April 21, 2016 in accordance with the requirements of Rule 5.1.3. Any public comment or request for disclosure of information designated as confidential regarding the NOI must be received by the Office no later than ten (10) working days after the notice was posted on the Office website (May 2, 2016).

The Division will begin its review of the NOI and will contact you within twenty (20) working days of the date we received the application fee (May 19, 2016). The Division received notice from the appropriate federal land management agency (BLM) that they have been noticed of the proposed activities on April 6, 2016. The forthcoming letter will describe deficiencies or if the review indicates the proposed operations are considered to be mining, rather than prospecting.

If you have any questions, please contact me (303-866-3567 ext. 8169).

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
