**Re: Dawson Gold Project, DRMS NOI File No. P-2013-002;
Notice of Decision NOI Modification 2 (MD-02)**

Dear Mr. Felderhol:

On April 27, 2016 the Division of Reclamation, Mining and Safety accepted the modification application considered complete for the purpose of filing (application fee received) by the Division on April 21, 2016 and the subsequent response to the Notice of Deficiencies, addressing the following:

Change location of proposed drill road.

The performance bond currently held by the Division is \$51,275.00. The Division has reviewed this modification for impacts to the financial warranty and has determined that this modification does not require an increase to the current reclamation liability.

If you have any questions, please contact me (303-866-3567 ext. 8169).

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
