Re: Approval of Administrative Revision, Revision No. AD-01, Rocky Ford East Pit, Permit No. M-1977-560

Dear Mr. Brubaker:

On May 03, 2016, the Division of Reclamation, Mining and Safety (Division) approved Administrative Revision No. AD-01, addressing the following:

Correct permit acreage from 189.20 acres to 179.16 acres

This is not an acreage reduction, but a correction to the acreage that was added to the Division's permit system after approval of Amendment No. 1 (Revision No. AM-01) in 1995. The actual permit acreage on the ground does not change with this revision. Please refer to the Division's Inspection Report for 01/13/2016 and the response received from Environment, Inc. on 04/26/2016 for a more detailed explanation of the permit acreage correction.

The terms of the Administrative Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-1977-560. All other conditions and requirements of Permit No. M-1977-560 remain in full force and effect.

If you need additional information, please contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.
