

Iverson M2011-001 Annual Report

Julie Mikulas <Julie.Mikulas@martinmarietta.com>

Mon, Mar 21, 2016 at 4:19 PM

To: "Hays - DNR, Peter" <peter.hays@state.co.us>

Please find enclosed a revised map for the annual report submitted last September. I apologize for not reporting the spillway washout in May on the original map or for not calling you on this. We were in the process of building them and didn't get grass established prior to flooding. The spillways were re-installed this winter with revised engineering and additional rip rap armoring. The spillways will be seeded this next week based on your recommendation.
