Re: DDD mine, Permit No. M-1984-076, Technical Revision Approval, Revision No. TR-03

Mr. McGraw,

On June 09, 2016, the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on May 20, 2016, addressing the following:

Increase maximum allowed disturbed acreage from 35 acres to 60 acres. Remove yellow sweet clover from topsoil seed mixture because it is a noxious weed. Change seeding time frame from November 15 through May 15 to October 1 through June 30. Change clay stockpile language and buffer area in Stage 1B.

The terms of the Technical Revision No. 3 approved by the Division are hereby incorporated into Permit No. M-1984-076. All other conditions and requirements of Permit No. M-1984-076 remain in full force and effect.

If you have any questions, please call me at (303)866-3567, ext. 8129, or email me at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist
