PROPOSED OPERATION REQUIRES A PLAN OF OPERATIONS

The Kinross Gold U.S.A., Inc./Animas Exploration Services LLC Notice to construct access roads and drill 12 exploratory holes from 12 pads in portions of T. 43 N., R 4 W., sec. 2, 3, 4 and 10 and portions of T. 44 N., R. 4 W., sec. 34 and 35, New Mexico Principle Meridian was received in this office on April 14, 2016. Additional information was received via email on April 27, 2016. The Notice has been assigned Bureau of Land Management (BLM) case file number COC-77853; please refer to this number in future correspondence.

Based on the submitted information regarding the location of the proposed access routes and drill pads, the proposed operation does not qualify under 43 CFR 3809.21 as notice-level activity. Specifically, construction of access roads and drilling 12 exploratory holes from 12 pads will require the submission of a Plan of Operation to the BLM in accordance with 43 CFR 3809.11(c) (6), which states:

(c) You must submit a plan of operations for any operations causing surface disturbance greater than casual use in the following special status areas where §3809.21 does not apply:

(6) Any lands or waters known to contain Federally proposed or listed threatened or endangered species or their proposed or designated critical habitat, unless BLM allows for other action under a formal land-use plan or threatened or endangered species recovery plan;

The locations identified in your submittal are located within lands known to contain Canada lynx, a species listed as threatened by U.S. Fish and Wildlife Service (FWS) under the

Endangered Species Act (ESA). Therefore, you are required to file a Plan of Operations in this BLM Field Office. A specific form is not required but the Plan must contain all the information required under 43 CFR 3809.401(b) in order to be considered complete.

You have 30 days from the end of the 21-day period in which to file your Notice of Appeal with this office at 210 West Spencer Avenue, Suite A, Gunnison, Colorado, 81230, which we will forward to IBLA.
