RE: Juniper Quarry, Permit No. M-1982-141, Technical Revision Extension

Ms. Yeldell:

Moffat Limestone is requesting another extension due to mapping issues. We have now completed the maps, and are doing the written mining plan and reclamation plan. We will be mailing the packet out no later than Monday July 12th. The packet should be to you no later than July 15th. We apologize for the delay, but we assure you that our new maps will much better and up to date. Thank you for your patience in the matter.
