Mr. Frantz:

On July 15, 2016, the Division of Reclamation, Mining and Safety (Division) approved your Technical Revision submitted to the Division on April 25, 2016, addressing the following:

*Increase maximum allowed disturbed acreage from 45 acres to 55 acres.*

The terms of the Technical Revision No. 3 approved by the Division are hereby incorporated into Permit No. M-2001-033. All other conditions and requirements of Permit No. M-2001-033 remain in full force and effect.

The Division has determined that the currently held financial warranty in the amount of \$193,000.00 is sufficient to reclaim the site in accordance with the approved reclamation plan. Therefore, no additional financial warranty is required at this time.
