RE: Terror Creek, LLC. Terror Creek Loadout, Permit C-1983-059
 Minor Revision No. 29 (MR-29)
 Preliminary Adequacy Review

Dear Mr. Smith,

The Division received Terror Creek, LLC's application for a minor revision (MR-29) on August 19, 2016. The application was determined to be complete on August 25, 2016. The Colorado Division of Reclamation, Mining and Safety has completed its adequacy review of the proposed permit renewal. Please respond to the following comments or concerns as necessary:

1. Based on a review of the ownership and control section of the currently approved permit application package for the Terror Creek Loadout, comparing the section, along with the proposed updated information submitted with MR-29, with the current information in the Applicant Violator System (AVS), there are discrepancies that will need to be addressed by Terror Creek, LLC. Please address the following discrepancies listed below:
 - a. Please provide end dates for the following people listed on the Directors/Officer report: Joseph Micheal Smith, assistant secretary and Jeffrey Wadman, senior vice president and corporate officer
 - b. Please provide an updated diagram of the organizational structure per Rule 2.03.4(3)(b).

If you have any questions feel free to contact me. (303) 866-3567 ext 8134

Sincerely,

Jason Musick
