Dear Amy,

This letter is a request for a two week extension to correct the problems as described in the inspection report dated June 16, 2016 for Permit number M-1983-037 regarding the management of the weeds. The corrective actions due date was 8/26/16. We would like to extend this date to 9/8/16. We met with the Routt County Weed Program supervisor, Greg Brown on 8/24/16. Greg said he could complete a weed control program for this pit by 8/29 or 8/30 of August. At this time all of the weeds have been treated and we are simply working on the weed control program.

Thank You
