Re: Permit No. M-1994-027 – Longmont Operation  
Corrective Action Responses – Extension Request

Dear Peter:

Corrective actions regarding an updated reclamation cost estimate, updated mine plan and filing of an inert fill notice with the Division are currently due on September 5, 2016. Aggregate Industries' geologist recently prepared a revised mining plan with regard to phasing but advised that there will be some additional changes. In conjunction with that, an estimate of additional backfill to be imported and an updated cost estimate will be prepared. As of today, I do not yet have that information and am therefore requesting a thirty (30) day extension of time to submit these corrective action items.

Thank you for your consideration of this request. Please contact me at (970) 396-5252 or [connie.davis@aggregate-us.com](mailto:connie.davis@aggregate-us.com) if we need to discuss.

Very truly yours,

A handwritten signature in blue ink that reads "Connie N. Davis".
