Dear Ms. Yeldell,

Per your request I am asking for an extension in time to comply with your request to rewrite our reclamation plan on our Powell's Gravel Pit, Permit No. M-1995-012 and increase our bond.

The Reclamation Costs Update and notice of Surety Increase (SI-1) letter of June 28, 2016 and our subsequent meeting of today has been most educational to me. I appreciate your clarification of what we will need to comply with your demands. I have just met with Matt Combes who owns Great Basin Environmental and Aquatics who will help me thru this process as some of the information you require is beyond my ability to do internally.

Thank you for your guidance.

Respectfully submitted,

Cecil Powell
