To: "Russell - DNR, Elliott" <elliott.russell@state.co.us>

Cc: Joselyn Welsh <WELSH@sterlingcolo.com>, Donald Saling <saling@sterlingcolo.com>

Dear Mr. Russell:

We have been in contact with Xcel on several occasions concerning the above permit – and have received assurances from Todd Anderson of Xcel that their no adverse impact letter is immediately forthcoming. However, we have not received the same as of this date.

Our deadline is September 12 to submit documents to your agency. While I have no reason to doubt that Xcel will take care of this – possibly as early as next Monday, the City would still like to cover its bases and request an additional 30 day extension.

Would you please advise me if this is acceptable?

J. Curt Penny

Curt,

Your extension request has been approved.

Thank you

Dear Mr. Russell:

Thank you for your telephone call today regarding the above permit wherein you advised me that you have received our recently submitted documentation.

This will confirm that the City is requesting a 30 day extension from August 12, 2016 (– to September 12, 2016) to submit the necessary documentation from Xcel. We have been in communication with Todd Anderson of Xcel regarding this matter and are hopeful that they are diligently moving our request through their appropriate corporate channels. We plan on *circling around* with them if we have not heard from them by 1 September.

Please contact me if you have any questions.
