**Re: Airport Pit, Permit No. M-2011-013, Technical Revision Approval, Revision No. TR-3**

Dear Ms. Stone:

On September 21, 2016 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on September 19, 2016, addressing the following:

*The plan updates the Storm Water Management plan on file with the addition of a berm in the northeast corner of the permitted area to temporarily impound storm water and snowmelt to prevent erosion.*

The terms of the Technical Revision No. 3 approved by the Division are hereby incorporated into Permit No. M-2011-013. All other conditions and requirements of Permit No. M-2011-013 remain in full force and effect.

The reclamation cost estimate was also updated at this time. Please find the enclosed notice of surety increased as well as the new reclamation cost estimate worksheets.
