RE: Bettger Gravel Pit, Permit No. M-1976-051, Inspection Problem Abated

Dear Mr.Epstein:

On July 20, 2016 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Availability of Records was cited as a problem for having the 2015 annual report, fee and map past due. Corrective actions required complete and return the attached report packet by the corrective action date.

On October 7, 2016 the Division received your 2015 annual report, map and fee. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us
