RE: Juniper Quarry, Permit No. M-1982-141, Inspection Problem Abated

Dear Mr. Anson:

On September 21, 2016 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Availability of Records was cited as a problem since the Division had not yet received your 2016 annual report, map and fee. Corrective actions required that you submit this report by the corrective action date.

On October 19, 2016 the Division received the above mentioned documentation. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
