RE: J and K Limestone Products- Villa Grove Pit, Permit No. M-2000-116, Corrective Action 90-Day Extension Request Approval

Dear Mr. Cooley:

The Division of Reclamation Mining and Safety (Division) inspected the above mentioned site on August 10, 2016. Excessive waste cited as a problem. Corrective actions required the operator to remove the trash and submit photo documentation by the corrective action due date. On October 25, 2016 a formal request for a 90-day extension was received from James Cooley. The Division is approving the 90-day extension request.

To avoid potential future enforcement actions for non-compliance with State Statutes, Rules and Regulations, and/or conditions specified in your permit for this site, you must submit compliance documentation with the corrective actions specified by ***Monday, January 30, 2017***.
