**Re: Triangle One Pit, Permit No. M-1980-228, Financial Warranty Release Denial, Revision
No. SL-1**

Matt Carnahan:

On November 9, 2016 the Division of Reclamation, Mining and Safety considered your request for a financial warranty release. The Division received comments from the landowner to postpone the decision until the details of the lease agreement could be finalized. Documentation demonstrating that the lease agreement had been finalized and the landowner concerns addressed was not received by the decision date of November 8, 2016. Therefore, the Division is denying the Release Request.

The operator may re-apply for the Release Request when the lease agreement is finalized and the landowner concerns area addressed. If you have any questions or concerns, please feel free to contact me at the Division's Grand Junction Field Office.

Sincerely,

Lucas West
