**RE: Midwestern Farms, Permit No. M-1993-059, Technical Revision No. 5 (TR-05)
Approval of Extension Request**

Mr. Read:

On November 14, 2016, the Division of Reclamation, Mining and Safety (Division) received your request to extend the decision due date by 60 days for Technical Revision (TR-05) submitted for the above referenced permit. This will allow more time to address the adequacy items identified in the Division's adequacy review letter, dated November 09, 2016.

The new decision due date for TR-05 is set for **January 23, 2017**. Please submit all requested materials at least one week prior to the decision due date to allow the Division sufficient time to review your submittal.

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist
