Dear Mr. Taylor:

The Division of Reclamation Mining and Safety received your request for an acreage release (AR-1) submitted on November 15, 2016 for the Hertzog Pit, File No.M-1982-276. A preliminary review of the information received determined that the following items must be addressed before the Division can consider the request filed and consideration can begin.

- You have listed yourself as the permittee rather than RnP Enterprises, Inc. which is what DRMS has on file.
- Please list your name under “permittee representative”
- Per Rule 4.17.1(3) this request must be submitted via certified mail and be separate from other types of communication to the office. Please mail the complete package by certified mail and include the certified mail number on this form.
- Per Rule 4.17.1 (2) – Names, addresses, and phone numbers for all owners of record of the affected land.
- Please include a map depicting the 7.6 acres to be released. Note that upon approval the operator will need to submit updated maps in the form of a technical revision depicting the new permit boundary.

Please submit your response(s) to the above listed issue(s) by **Monday, December 19, 2016** in order to allow the Division sufficient time for review.
