Mining and Safety
1313 Sherman Street, Room 215
Denver, CO 80203

RECEIVED

NOV 21 2016

Division of Reclamation,
Mining & Safety

Dear Mr. Hays:

Enclosed please find the surety bond requested in your inspection report for the Belvedere Stone Quarry. The bond is in the amount of \$36,800.00.

The Weed Control Program was completed and the invoice for services rendered is attached. I will forward by email pictures of the activity taken by our Operations Manager, Ben Petrini.

The survey is underway as you have probably noted from correspondence from David Hostetler, the Civil Engineer overseeing the process.

We appreciate your support and patience in this matter.

Cordially,

William G. Johannsen
Managing Partner, Belvedere Stone Co.
