**Re: Crystal Pit, Permit No. M-1989-116, Performance Warranty Release Denial,
Revision No. SL-1**

Dave Jordan:

On December 5, 2016 the Division of Reclamation, Mining and Safety considered your request for a performance warranty (reclamation permit) release. The Division found that reclamation had not been accomplished at this site and denied this request. Please review the inspection report (mailed separately) for the specific reasons for the performance warranty release denial.

If you have any questions, please contact me.
