**Re: Hocker Gravel Pit, Permit No. M-2004-063 Technical Revision Application TR-2**

Mr. Hocker:

On December 6, 2016 the Division of Reclamation, Mining and Safety received your Technical Revision application **TR-2** for the Hocker Gravel Pit Permit No. **M-2004-063**, which is located in La Plata County. The revision requested addresses the following items:

- *Update reclamation seed mix for future grazing needs for agriculture purposes.*

Preliminary review of the information received determined that the following items must be received before the Division can consider your application as being submitted and technical review can begin:

1. *Please identify the seeding rate, in PLS per Acre for each species in the seed mix*
2. *Please provide a cost breakdown of the cost per species, per acre.*
3. *Please identify what type, and how much fertilizer per acre will be used, as well as any mulching that will be used.*

Please submit the requested information by the decision due date January 6, 2017. Or your Technical Revision application will be denied and need to be re-submitted. Please feel free to contact me if you have any further questions.

Sincerely,

**Lucas J. West**
