Hello Michael,

We received notice of an application for surface mining and reclamation at Trout Valley Ranch (file no. M-2016-080). Upon receipt of DRMS and CDPHE permits, the application will comply with all requirements that Park County has for Mining in the Conservation/Recreation zone district.

Please be aware that the lot contains wetlands (see attached map). According to Aaron Eilers of the Army Corps of Engineers (aaron.r.eilers@usace.army.mil) filling these wetlands will require approval of dredge-and-fill permits.

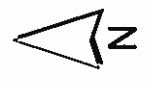

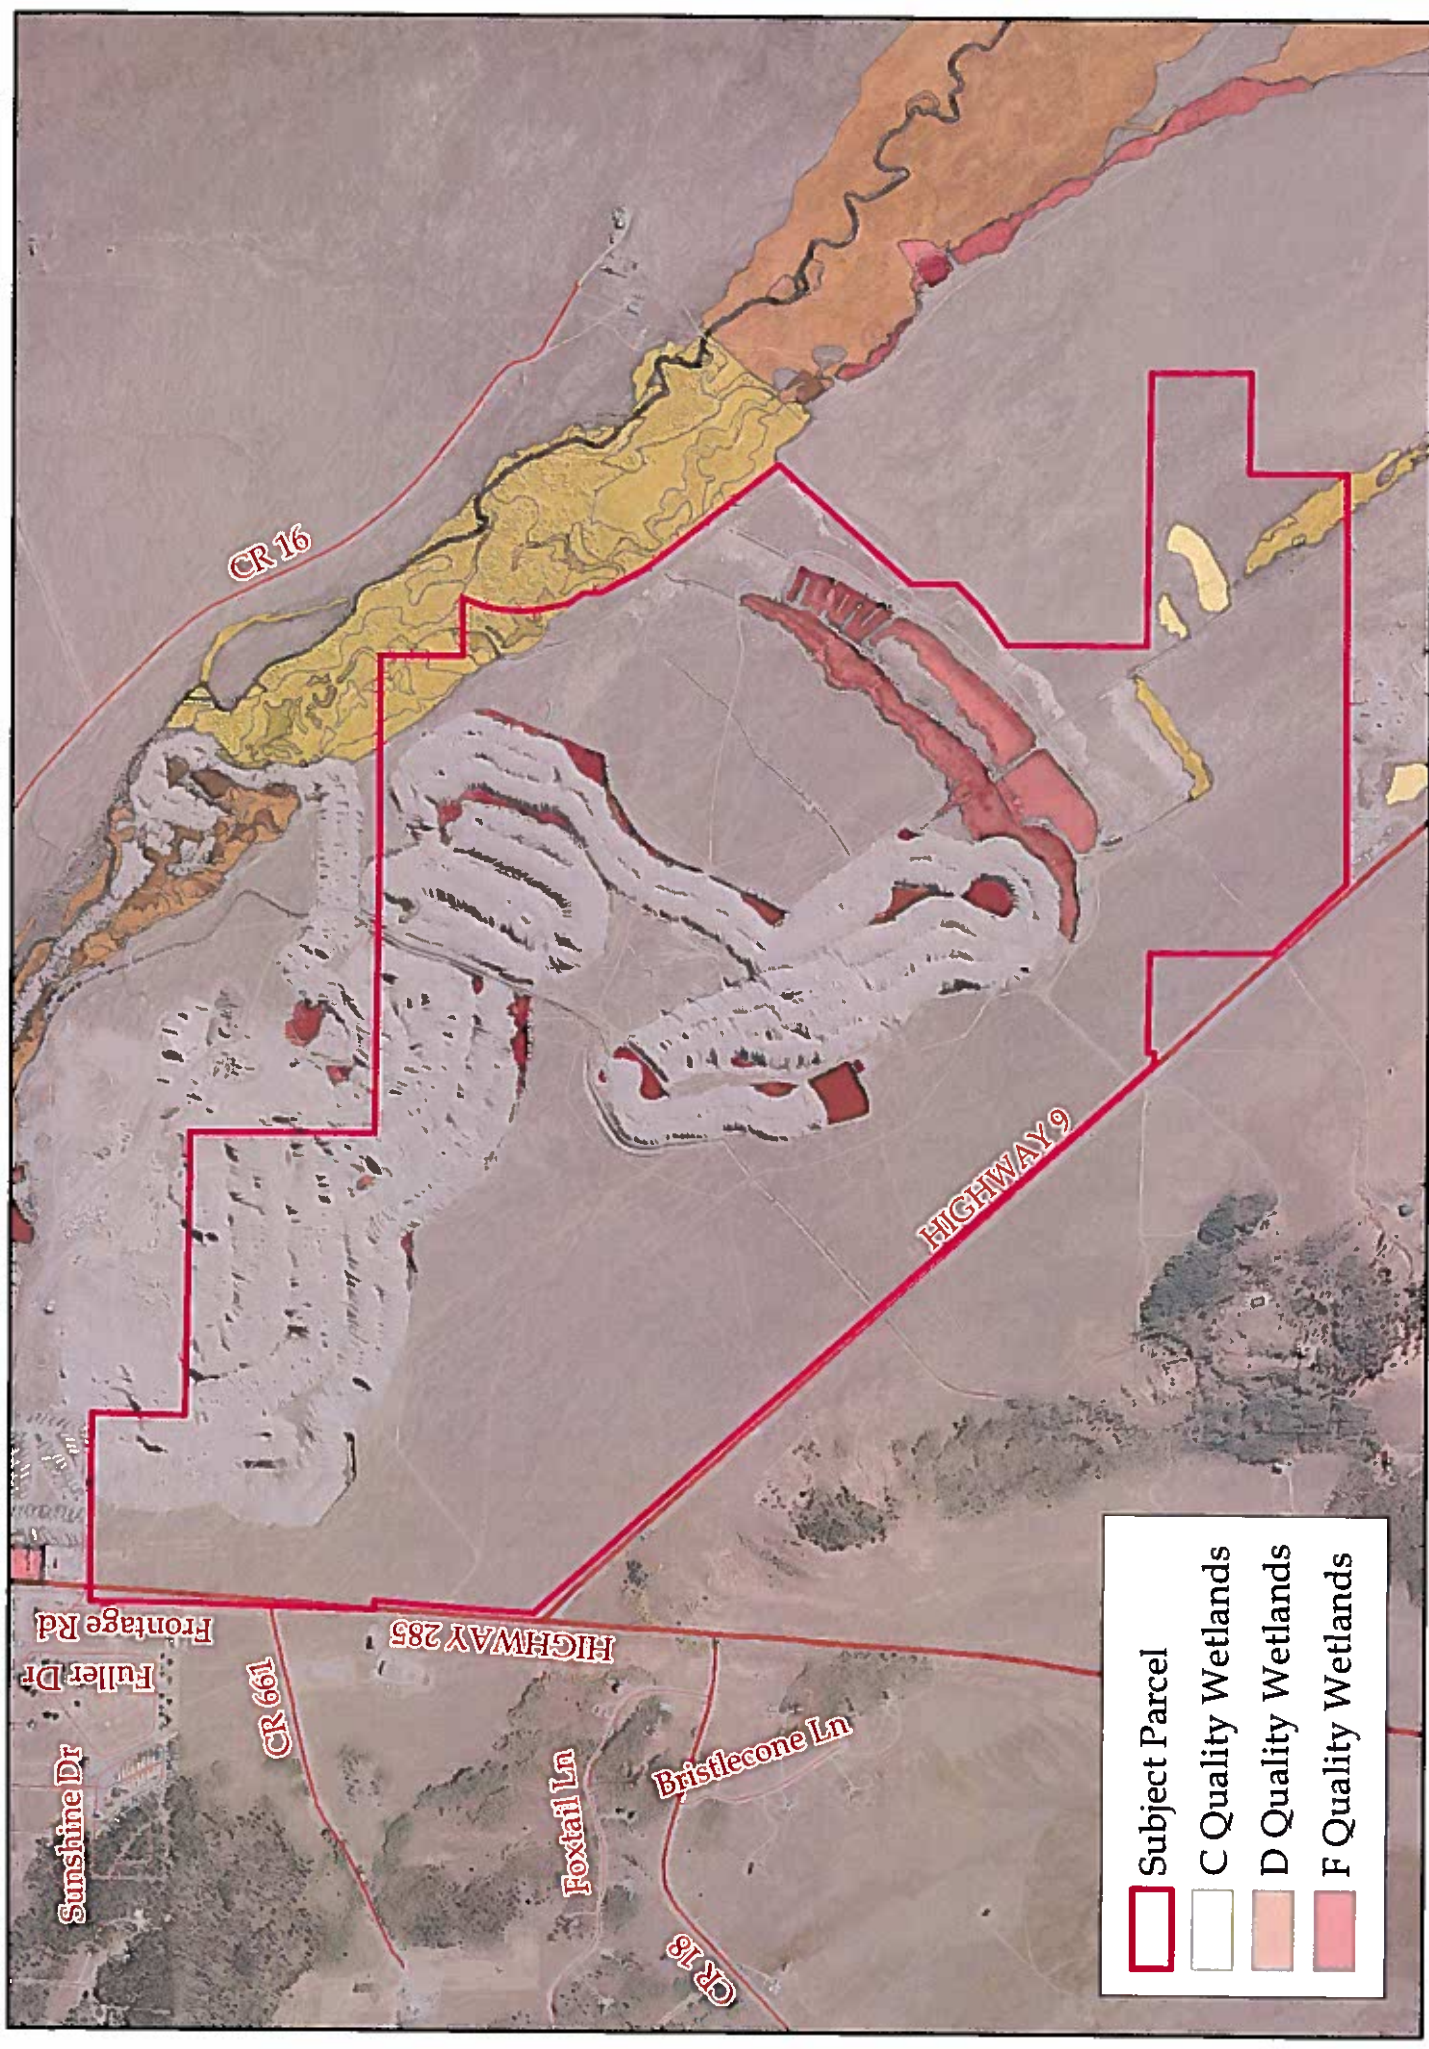

Thanks, John
